Reams Asset Management Company, LLC has prepared and presented this report in compliance with the Global Investment Performance Standards (GIPS®).

Reams Asset Management Company, LLC is an independent registered investment adviser. The firm maintains a complete list and description of composites, which is available upon request.

Results are based on fully discretionary accounts under management, including those accounts no longer with the firm. Past performance is not indicative of future results.

The U.S. Dollar is the currency used to express performance. Returns are presented gross and net of management fees and include the reinvestment of all income. Net of fee performance was calculated using actual management fees. The annual composite dispersion presented is an equal-weighted standard deviation calculated for the accounts in the composite the entire year. Additional information regarding the policies for calculating and reporting returns is available upon request.

The investment management fee schedule for the composite is 0.30% on the first \$50 million and 0.20% on the next \$50 million. Fees are negotiable for accounts in excess of \$100 million. Actual investment advisory fees incurred by clients may vary.

The Long Duration Fixed Income Composite was created July 1, 2002.
