\* Formerly Lehman Brothers Aggregate Bond Index

***Core Plus Fixed Income Composite** contains fully discretionary fixed income accounts and for comparison purposes is measured against the Barclays Capital U.S. Aggregate Bond Index as a general market indicator. This composite permits below investment grade securities, generally permits non-dollar denominated securities and its duration ranges from unrestricted to +/- 20% around the benchmark. Prior to June 1, 2001, the composite was named the Total Return Fixed Income Composite. The minimum account size for this composite is \$20 million. Prior to January 1, 2002, the minimum account size was \$4 million.*

Reams Asset Management Company, LLC has prepared and presented this report in compliance with the Global Investment Performance Standards (GIPS®).

Reams Asset Management Company, LLC is an independent registered investment adviser. The firm maintains a complete list and description of composites, which is available upon request.

Results are based on fully discretionary accounts under management, including those accounts no longer with the firm. Past performance is not indicative of future results.

**CORE PLUS FIXED INCOME COMPOSITE  
ANNUAL DISCLOSURE PRESENTATION  
PAGE TWO OF TWO**

The U.S. Dollar is the currency used to express performance. Returns are presented gross and net of management fees and include the reinvestment of all income. Net of fee performance was calculated using actual management fees. Prior to January 1, 1994, net performance was calculated using the highest management fee. The annual composite dispersion presented is an equal-weighted standard deviation calculated for the accounts in the composite the entire year. Additional information regarding the policies for calculating and reporting returns is available upon request.

The investment management fee schedule for the composite is 0.30% on the first \$50 million and 0.20% on the next \$50 million. Fees are negotiable for accounts in excess of \$100 million. In addition to the management fee, some accounts may also pay an incentive fee. Actual investment advisory fees incurred by clients may vary.

Derivatives (such as credit default swaps, credit default indices, options on CDX, currency forwards, structured notes, and CMO tranches) may be utilized when a strategy is unavailable or not cost effective through the cash market. Derivatives used are strictly constrained by client investment policy.

The Core Plus Fixed Income Composite was created June 1, 1981. Reams Asset Management Company, LLC's compliance with the GIPS standards has been verified for the period January 1, 1987 through March 31, 2009 by Ashland Partners & Company LLP. In addition, a performance examination was conducted on the Core Plus Fixed Income Composite beginning January 1, 2002. A copy of the verification reports is available upon request.

N.A. - Information is not statistically meaningful due to an insufficient number of portfolios in the composite for the entire year.

\*Results shown for the year 2004 represent partial period performance from August 1, 2004 through December 31, 2004.

\*\* Formerly Lehman Brothers U.S. TIPS Bond Index

***Real Return Fixed Income Composite** contains fully discretionary fixed income accounts and for comparison purposes is measured against the Barclays Capital U.S. TIPS Bond Index as a general market indicator. This composite generally permits limited exposure to below investment grade and non-dollar denominated securities, and has a minimum duration range of +/- 20% around the benchmark. The minimum account size for this composite is \$5 million.*

Reams Asset Management Company, LLC has prepared and presented this report in compliance with the Global Investment Performance Standards (GIPS®).

Reams Asset Management Company, LLC is an independent registered investment adviser. The firm maintains a complete list and description of composites, which is available upon request.

Results are based on fully discretionary accounts under management, including those accounts no longer with the firm. Past performance is not indicative of future results.

The U.S. Dollar is the currency used to express performance. Returns are presented gross and net of management fees and include the reinvestment of all income. Net of fee performance was calculated using actual management fees. The annual composite dispersion presented is an equal-weighted standard deviation calculated for the accounts in the composite the entire year. Additional information regarding the policies for calculating and reporting returns is available upon request.

The investment management fee schedule for the composite is 0.30% on the first \$50 million and 0.20% on the next \$50 million. Fees are negotiable for accounts in excess of \$100 million. Actual investment advisory fees incurred by clients may vary.

Derivatives (such as credit default swaps, credit default indices, options on CDX, currency forwards, structured notes, and CMO tranches) may be utilized when a strategy is unavailable or not cost effective through the cash market. Derivatives used are strictly constrained by client investment policy.

The Real Return Fixed Income Composite was created August 1, 2004.

***Absolute Return Fixed Income Composite** contains fully discretionary fixed income accounts and for comparison purposes is measured against the Merrill Lynch LIBOR 3-Month Constant Maturity Index and the Merrill Lynch High Yield Master Constrained Index as general market indicators. Use of the Merrill Lynch LIBOR 3-Month Constant Maturity Index was added October 1, 2007. For periods shown prior to January 1, 2006, the Merrill Lynch High Yield Master II Index was used for comparison purposes. Effective October 1, 2007, the name of the High Yield Fixed Income Composite was changed to Absolute Return Fixed Income Composite. The composite name and benchmarks were changed to more accurately reflect the strategy of the composite. The minimum account size for this composite is \$500 thousand. Prior to January 1, 2006, the minimum account size was \$20 million and prior to January 1, 2002, the minimum account size was \$10 million.*

Reams Asset Management Company, LLC is an independent registered investment adviser. The firm maintains a complete list and description of composites, which is available upon request.

Results are based on fully discretionary accounts under management, including those accounts no longer with the firm. Past performance is not indicative of future results.

The U.S. Dollar is the currency used to express performance. Returns are presented gross and net of management fees and include the reinvestment of all income. The composite consists of one non-fee-paying account. Net of fee performance was calculated using a representative management fee. Additional information regarding the policies for calculating and reporting returns is available upon request.

The investment management fee schedule for the composite is 0.30% on the first \$50 million and 0.20% on the next \$50 million. Fees are negotiable for accounts in excess of \$100 million. Actual investment advisory fees incurred by clients may vary.

Derivatives (such as credit default swaps, credit default indices, options on CDX, currency forwards, structured notes, and CMO tranches) may be utilized when a strategy is unavailable or not cost effective through the cash market.
